Medium Red Clover	8-10	10-12	12-15
Annual Ryegrass	11-13	15-17	18-20
Cereal Rye	60-80	90-100	100-120

NR= Not Recommended. All rates are listed in pounds per acre. Heavier rates are recommended for forage goals with applicable species.

These rates serve as a starting point to create a mix, as a blend is always recommended when seeding cover crops.
